

No big rush on to annex to Upland

There wasn't an enthusiastic rush to annex to Upland Tuesday night at an exploratory meeting of city officials and some 18 Red Hill district residents.

There was a willingness to take a long, hard look at the advantages and disadvantages and the general agreement that either incorporation on their own or annexation to Upland was a foregone conclusion within the next ten years as the area fills up with people.

"There is something to be said for not going either way," summed up John Armstrong, a resident.

"That's why you live in Upland, Mike," he said, addressing Councilman Ronald L. Rossiter, "and we live in Cucamonga."

land City Manager Elwin Alder, Councilman Rossiter and Louis Garcia, city administrative assistant.

The residents expressed concern for the low salaries paid teachers of the Central School District but were told by Upland officials annexation would not get them out of the school district nor would it change their sewer and water alignment with the Cucamonga Water District.

"We do not have a campaign on to annex Cucamonga," Rossiter told the gathering. "There has been some inquiries from residents of the Red Hill district as to the advantages and disadvantages of such a move and we are here to answer questions."

Upland Mayor James L. Christensen pointed out Red Hill district, which is heavily residential, had more in common with residential Upland than with residential Upland.

land in an April Upland Council meeting.

At that time Ontario city officials had proposed a jointly owned sewer and collection system for Ontario and Cucamonga and the mayor viewed it as an Ontario attempt to eventually annex the Cucamonga area.

He appointed a special study committee to explore the desire of Red Hill district residents to annex to Upland.

"You'd think that in government bigger might be better, but it isn't true," Rossiter said. "You'll find that as a citizen of a small city you will be better able to govern yourself, help elect officials and generally be listened to more attentively and often than on a county level."

He said that it would cost Upland to provide services to residents of the Red Hill district and that the city had

no financial gain in annexing. "It'll also cost you more to live in a city," he said. "But surprisingly, those who do like it and take pride in it."

When asked, City Manager Alder told the group annexation steps included circulation of a petition, establishing and publishing the boundaries, and gaining approval of the County local government agency, followed by an election.

"The initiative and final approval must come from residents," he said. "Upland residents would not vote on it, but only Red Hill district residents."

One resident asked where the boundaries were now and was told Upland city limits bordered the Red Hill golf course.

Another resident remarked: "Yes, if your dog strays

below the golf course Upland picks him up and impounds him."

"How about the noise from cycles wheeling through the neighborhood?" asked Charles Miller.

"We don't have that problem in Upland," returned Rossiter.

City Manager Alder said measures could be taken to control the noise, although there were few specific ordinances in the city on cycles now.

"I'd be willing to annex just to get rid of that cycle noise," said Miller.

"It is clear we'll soon have to face it," said Bill McCombs, another resident. "With continued growth we'll have to either annex or form a city of our own."

Miller said two attempts to incorporate Cucamonga

didn't get off the ground. The last attempt, he said, was a sincere one.

City Manager Alder said rapid urbanization is coming over the Pomona hill and isolated islands of unincorporated areas were going to be history.

"Your only decision," he said, "is whether to annex to a going nearby city or go it alone. And there are many advantages to joining a going city."

"How much would it cost us in taxes to join Upland?" asked George Zimmer, a resident.

"That has been figured," said Alder. "On a \$20,000 home it would cost \$67 a year to be within the city of Upland."

"And what would I get for that besides identity?" asked Zimmer.

"There would be little change in fire, water and se-

wer services," said Councilman Rossiter, "but there would be weekly garbage pickups, police protection, street cleaning and lighting, use of our library and recreational facilities and, most of all, the privilege of participating in your own city as a citizen."

City Manager Alder stressed recreation.

"Upland pays \$19,000 during the summer in salaries to department heads alone to provide recreation," he said. "We have one of the nation's lowest juvenile delinquency rates, mainly because we cooperate with Little League, Pony League, and all other youth activities."

Rossiter said the city was expanding further into this field.

"We're planning a multi-purpose playing field for all athletics," he said, "and

we're also exploring recreation to meet the growing needs of teenagers."

In answers to specific questions, the residents were told:

There would be no double taxation. If they didn't use city water and sewerage, they wouldn't pay for it.

They could come into the Upland School District only if they voted for it and it passed the school board.

They would not be made to install sidewalks in the area as the neighborhoods do not have them now.

Taxes would still be paid through one bill.

Red Hill could be incorporated into the Upland fire district if they voted to do it and they would not be required to pay taxes in both districts.

Hurrah! School is out today--'nuf sed!

It's Upland night

FIRST PITCH -- Upland Mayor James L. Christensen demonstrates the first pitch, he'll throw out Friday night when three bus loads of Uplanders trek to Los Angeles Stadium to see the Dodgers nip the Cincinnati Reds in a big league baseball game. It's official Upland Night. The event, sponsored by the Chamber of Commerce, has grown in popularity. Last year two buses were chartered; this year three. Manager Tony Malone had sold all but 15 tickets on the last bus Monday. Maybe, just maybe, if you call today, Thursday, one of the reservations will still be available. The price is \$5 per person for transportation and game ticket.

Cabrillo boundaries changed Schools still looking to Sacramento for funds

Upland Elementary School District adopted its \$2,960,000 tentative budget Tuesday night but adjourned to its regular meeting to June 27 when members will study the Sacramento picture to see if teacher pay raises can be retained with forthcoming state school money.

Superintendent Vern Orum said the situation hasn't changed since the board accepted the preliminary budget in May.

"The legislature must make available more monies if the 5.4 per cent increase in teacher and 5.5 per cent increase in classified salaries are to be retained," he said.

The official budget will be adopted in August following its publication in the Upland News in July and a final review.

Tuesday night Don Shattuck, district psychologist, reported results of a testing program given last year showed Upland students scored average and above in comparison to students throughout the United States.

The board also approved an updated form for rating probationary teachers of less than three years tenure which was prepared by a special teacher committee.

In order to reduce class sizes and avoid double sessions, the board realigned boundaries of the Cabrillo Elementary School on 11th

and Benson Street.

During the 1967-68 term students living East of 10th Avenue will be bussed to Sycamore Elementary School.

The contract with the San Bernardino County Schools office was renewed to provide special classes for several mentally retarded minors during 1967-68.

A similar contract was also renewed to provide training for physically handicapped minors.

Board members set the date for the annual reorganizational meeting of the board for July 11, a regular board meeting date.

\$2,673 to city

The city of Upland has received \$2,673 as its six-month share of the special fees paid by holders of alcoholic beverage licenses.

The payment was made by the state's department of alcoholic beverage control which allocates 90% of all license fee money back to individual cities and counties where it is used to offset the costs of police and fire protection, schools, highways, hospitals and other government services.

Joint meet on Monday

A joint meeting of the Upland City Council and City Planning Commission will be held Monday, June 19, in city hall to discuss changes in zoning of the Northeast quadrant of town.

The meeting, requested by the Planning Commission, is to explore sweeping changes in the zoning of the area including Mountain Avenue. It will not be a public hearing although private citizens will be allowed at the meeting.

The changes in zoning will be discussed, placed on the master plan by the commission, and finally a public hearing scheduled.

Picture story

Mrs. Almuth Solomon, teacher of the youngsters pictured above, said today she was really chasing them out. Mrs. Solomon is pic-

tured in background. "Teachers are just as happy as the children for the summer vacation," she said.

Rabies clinic here Thursday and Friday

Upland's rabies clinics are scheduled for June 15 and 16 this week at the police department. A veterinarian will be on hand to give rabies shots, if needed, a city staff will issue the annual licenses.

All dogs must be licensed. The cost is \$2 for males and \$4 for females. Spayed females are also \$2.

If the animal needs a rabies shot, due every two years, the cost is \$2.

All dogs 4-months old or more must be licensed and vaccinated.

The clinic will be open at the police department from 9 a.m. to 12 noon and from 4:30 p.m. to 7:30 p.m. on both Thursday and Friday. Cats are not licensed in Upland.

IT'S THAT TIME AGAIN--As school lets out for the summer vacations many children of the area turn their attention to the upcoming Vacation Bible School classes scheduled in churches throughout the Upland area. Here Pamela Burch, Scott Webb and Mark Webb show the wonder of it all as they inspect a poster depicting the school planned by the Upland Church of the Nazarene, June 19-23. The Bible as a guide in modern day life is the theme of the school. Scheduled to be held from 9 a.m. to 2:30 p.m. daily. A program for parents will be held Sunday, June 25.

Upland High's Frost to join Cal Poly coaching staff in fall

Jack Frost, 38, Upland High School's successful head football coach for the past two seasons, will join the Cal Poly, Pomona physical education and coaching staff in the fall. President Robert C. Kramer announced last week.

Frost's initial assignment will be to assist newly ap-

pointed head football coach Ray Daugherty with the line. The addition of baseball mentor John Scolinos to handle the backs tentatively completes Daugherty's varsity staff for the fall.

Ken Cochran and two graduate students, Norm Revis and Mickey Bellah, are scheduled to work with the frosh.

Frost captured the San Antonio League championship in his first season as head man at Upland, following two years as an assistant coach. His squad won 8, lost 2, tied 1 and reached the second round of the "3-A" CIF playoffs before being eliminated by Laora.

Frost's '66 team compiled a 6-2-1 mark, tying Gane-

sha (Pomona) for second place in the league.

Frost was all-CCAA guard for Cal Poly, San Luis Obispo in 1950 and was a stand-out also on the '49 and '54 teams. He served four years in the Air Force during the interim period. He prepped at Inglewood High, where he was an all-league fullback. Other football coaching assignments have included Atascadero, Palmdale, and San Luis Obispo high schools and Antelope Valley JC.

His '60 San Luis Obispo eleven whipped Mary Star of the Sea (Fermin Lausen), 13-7, for the "1-A" CIF title.

'The Creation' to be presented June 18

A fifth performance in a series of scheduled concerts of Joseph Haydn's "The Creation" will be presented by the Music Festival Association, Inc., at the Brethren in Christ Church, 845 West Arrow Highway, Upland, on Sunday, June 18 at 7 p.m.

Featured Soloist in Title Roles will be Pauline Tweed, Gabriel; Patrick A. Bacchus, Uriel; Betty Hiskey, Eve; James Fahringer, Raphael; Myron Tweed, Adam.

Mrs. Tweed, a resident of Upland, has sung with the Elhart (Ind.) Symphony as guest artist. She recently sang the lead role of "Mimi" in the West End Opera Company production of La Boheme (Puccini).

Mr. Bacchus, a native of British Guiana, lives in Claremont. He has studied voice at the Arthur Jordan Conservatory and the Claremont Graduate School.

Mrs. Hiskey, also a resident of Claremont, made her debut with the Kern Philharmonic Orchestra. She is at present soloist with the choir of the Claremont Methodist Church.

Mr. Fahringer, a resident of Los Angeles, is instructor of instrumental music at LaVerne College. He sang with the Roger Wagner Chorale and the Citrus College Community Opera Association.

Mr. Tweed, a resident of

Upland, is Chairman of the Fine Arts Division of Bethel College in Mishawaka, Indiana. The Brethren in Christ Church of Upland are enjoying his talents and leadership as their Minister of Music during his one year leave of absence from Bethel College. Mr. Tweed is finishing his Doctorate of Music at U.S.C.

The purpose of the Association is two-fold: to present master works to appreciative audiences and to provide an outlet for experienced singers as well as an opportunity for aspirants in Pomona Valley and vicinity. The public is cordially invited to attend.

Bridging ceremony for scouts at Junior High

Two hundred and fifty persons were guests for the recent Bridging Ceremony when 64 Junior (sixth grade) girls were welcomed by members of Cadette Troops 1007 and 1123 at the Pioneer Junior High School Upland. These are troops of the Hiland Neighborhood within the Spanish Trails Girl Scout Council.

The audience was led in a flag ceremony by Mrs. Tom Davis, Leader Troop No. 1007 with Mrs. Andrew Regan and Miss Jill Jenkins, Co-Leaders assisting. This was followed by a greeting from Mrs. John J. Jenkins, Service Team Chairman, who "expressed her best wishes for the excellent Girl Scout program within the Neighborhood. She then introduced all Leaders, Assistant Leaders and other adult volunteers who were present.

A prologue to the Cadette Level program was related by Mrs. Kyle Karnes, Leader of Troop No. 1123. Highlights of the Bridging Ceremony was the presentation of the First Class Badge to Terri Bush and Jaydene Morris. This is the highest

award in Cadette Girl Scouting and given only upon completion of the four Challenges and required badges. The two 9th grade girls will continue their scouting in a Senior Girl Scout Troop commencing this fall—Likewise, Elaine Pasma and Michaela McCaffrey, also 9th graders and additional members of the troop will continue by registering as senior scouts.

Members of Cadette Troop No. 1123, presented an impressive ceremony using vari-colored candles to interpret the Girl Scout Laws and Promise. Mrs. Leslie Standley and Mrs. John Boldi serve as advisors with this troop.

As a fitting closing ceremony, the 110 girls formed a double horseshoe so that they could face the parents and friends in attendance. Each Junior Girl Scout received from a Cadette Scout, a cockade to be placed upon her beret when she re-registers as a Cadette in October. These cockades were purchased by 10 Junior Scout Troops as a token of friendship and with the sincere desire that each girl continue her scouting experience.

A HAPPY CHORE--Mrs. Jerene Appleby Harnish, honorary Life-time patroness of the Assistance League of Upland, is pictured tearing up the mortgage on the Assistance League's Cucamonga building Friday as Mrs. John W. Mordensen, incoming president, and Mrs. Rene Blane, outgoing president, both of Upland, look on with evident satisfaction. The league's annual banquet was held at the Red Hill Country Club.

Aquanaut reading club this summer at library

The Children's Department of the Upland Public Library will be having an Aquanaut Reading Club this summer. The game will start on June 19th and will end on August 19th.

Each child who enters is given a pictorial chart of the under-sea world, complete with shipwreck, bathysphere, and sea serpent, on which a record of his participation in the game will be recorded.

After reading and reporting

on one book each child becomes an aquanaut. After reading ten books he qualifies for a certificate.

The certificates will be presented at a special program at the summer's end. Only those children who have successfully finished the game will be allowed to attend.

Join the Aquanauts at your library. If you have any questions, call or stop in and get the answers.

NEW MEMBERS -- Chatting just before the banquet Friday at Red Hill Country Club, are three new members of the Assistance League of Upland. They are from left above, Mrs. Leonard Brotzman, of Alta Loma; Mrs. J. T. Waller, Mrs. Vern Murray and Mrs. L. F. Grams, all of Upland.

Mrs. White is 1967 president Christian Women Fellowship

A symbolic candlelight ceremony marked the June installation of Mrs. Robert E. White, 1275 N. First Avenue, Upland, as 1967-68 president of the Christian Women's Fellowship, Upland Christian Church (Disciples of Christ).

Mrs. White served the group as vice-president the past year and as worship director the preceding year. Setting for the event was the Upland home of Mrs. Albert E. Weber, with Miss Ann Boyce, Mmes. Archie

Cruzen and Floyd Kracht, cohostesses.

Mrs. Jerry Leggett, wife of the church's minister, conducted the installation service. She was assisted by Mrs. George Ehrnman, who was installed as the group's new vice-president.

Thomas, treasurer; Mmes. Vernon Courson and Robert Weigang, group leaders.

Special music for the meeting was provided by a teen-age instrumental group under the direction of Mr. W. Seth Harmon. Musicians were Darrell Harmon, Marty Harmon, Dennis Hill, Bill Kennedy, John Long, Wynn Sands and George Solt.

Key role of father in home is sermon theme

The key role of father as the spiritual leader in the home will be cited at worship services of the Upland-Ontario Seventh-day Adventist Church on Saturday, June 17, at 11 a.m., as special recognition of Father's Day is marked by the local congregation.

Pastor Ansel L. Bristol of 404 Tulare Way, Upland, said families in the church will be called upon to "maintain the proper relationship of the father to the entire family."

According to Pastor Bristol, "This includes far more than relegating father to the role of chief financier and transportation provider."

"America's great need today is more homes where father leads the family in daily prayer and Bible study, where he compassionately enforces the mutually agreed rules of the home, and where he sets aside some time each day to listen to the problems of the family members."

"Of course," Pastor Bristol pointed out, "this im-

plies that they will listen to his problems, and that they will honor him when discipline must be given."

The local minister said this plan of family living is that outlined in the Scriptures as ideal. He said each family in the congregation on Saturday morning will be asked to follow this plan.

Vacation school theme

Bible in real life

In an attempt to show that the Bible was given in real-life situations and is still applicable today, the Upland Brethren in Christ Vacation Bible School will use the theme "Walking Jesus' Way".

Director Paul Trautwein has announced that the church is conducting its Vacation Bible School, Monday through Friday evenings from 6:30 to 8:30, June 19-30.

Classes will meet the

needs of all ages from pre-school to adult.

The Pre-School Department will be supervised by Lula Asper; Beginner Department, Diana Frey; Junior Department, Mr. and Mrs. Charles Engle; Youth Department teachers, Bob Tidgwell, Mr. and Mrs. Ken Williams, Wilfred Wells; Adult Department, Dr. Jesse Lady and Cecil Plank.

Bus transportation will be provided for the Northeast area of Upland.

Nursery facilities will be available for very young children.

For additional information call the Brethren in Christ Church office 982-1016. Office hours are 8 a.m. to 12.

Any interested children may participate in the Vacation Bible School, Saturday, June 17 from 10 a.m. to 12 noon. The parade begins at the church parking lot. Prizes will be given for the best decorated bicycles or vehicles.

Dean's List

Robert E. Walline, of Upland, an engineering student at the University of California, Davis, is among 1,268 students named to the Dean's Honor List for maintaining a "B" average in all University work through the winter quarter.

GETTING READY--Youngsters of the Upland Brethren in Christ Church are pictured above preparing for their upcoming Vacation Bible School, under the watchful eye of Paul Trautwein. They are around the table from left

to right, John Jordan, Jay Guyse, Steve Smith, Warren Herr, Timmy Musser, Jeff Boyer, Shelley Beck, Peggy Kern, Minnie Hall, Carol Cuttuli, and Kathy Long.

Funerals are Religious Rites

The final rite has always been a religious service. Even if a family we serve does not have active church affiliations at the time, there is usually a denominational preference. It is important to everyone that is concerned to maintain the traditions and customs in accord with the particular faith. We serve all the religious faiths in our community.

War in Vietnam deserves our support

The war in Vietnam needs our support and backing.

We strongly support President Johnson in his efforts to win the war in Vietnam.

We do not agree with the doves that if we would just stop bombing the Communists, if we would just "negotiate" and if we would "love" our enemies--peace and good will would spread throughout the world.

It just isn't so on this earth. There isn't justice and there isn't universal brotherly love.

When you come face to face with the atheistic world of slavery, the Communist world, there isn't any way to call them to a halt but by force or putting them in a disadvantageous position.

No one wants war or an H-bomb to fall, but when it comes down to essential survival of FREE men and FREEDOM then the alternate is a hard decision, but a necessary one.

Free men MUST FIGHT for their freedom or there won't be any freedom.

It's the same in society--people must have law enforcement officers to protect the innocent and good people from those who would rob, pillage, injure, blackmail,

extort, and murder for their own selfish desires.

It's all lovely to grant everybody his day in court, his civil rights, and try to live by international laws and be a great upholder of the peaceful paths that men should tread.

But there comes a time when the dove-like approach does not bring peace. It brings aggression and brutal mastery.

The world long ago and many, many times has learned that giving in to dictators and aggressors does not mean that ALL men shall live in peace. It only whets their appetites for more control, more power, more land, more and more and more and more.

There is no end, under this pattern of life, but to knuckle under to someone else's bidding. This is distasteful to free men who want to live in peace with dignity, in peace with one's heritage.

Certainly the Communists are a breed apart from any dictator the world has ever known. They live by distortion and subversion, the mailed fist that coos of "co-existence" as long as it serves their purpose, that loves treaties and agreements

as long as they are self-serving. But let any reason come forth as to why Communism can be advanced a step or two--and the "line" changes quicker than one can recoil from a sharp blow between the eyes.

Communism is in a fight with free men everywhere. Vietnam is the current struggle. It was Korea once.

Aside from the Arab vs. Jewish aspect, the Communists are exploiting the Middle East for all it is worth, and will continue to do so in a propaganda barrage that will mushroom in the days ahead.

If the Communists can't win on the battle field, they try at the "peace" table. Israel should stand fast with its military victory and not let the world whittle it away in a false sense of negotiation toward peace. There is peace today in the Middle East because the aggressors were licked on the battlefield, and for no other reason.

Our stomach turns over when we read full page newspaper ads, signed by individual persons -- who in our opinion are so blind to world affairs that they demand that the UNITED STATES stop bombing

in Vietnam and creating the war there, that the UNITED STATES should "negotiate" toward peace.

Our President has tried to persuade the Communists to sit down to the table, and they, in effect, laugh at us and think that they'll wear us down because we're weak for such thoughts and they think they will eventually win the war with such an attitude on our part.

When the Communists REALLY FEEL they are going to lose the war on the battlefield, then they'll want to "negotiate" their victory over us diplomatically rather than militarily.

The Middle East has done the United States one good turn -- for it exposed the falsity and the hypocrisy of the doves, many of whom turned into hawks and wanted a fight carried into the Middle East.

When the publisher of this newspaper was in college at the beginning of World War II, the great question also existed then, as now, as to whether a man should fight a war and kill his fellow men on the battlefield.

And out of that great search for the truth, almost all men of that day and

age felt that God did not want the good men, the peacemakers, the free men--just to lie down and let themselves be run over and killed throughout the world. The greater evil in the world is to let evil flourish without a struggle and a fight. So while it morally may not be right to go into battle and kill; neither is it morally right to stand by and let one's countrymen, those who believe in freedom and God--be butchered by a fiendish and alien philosophy that would kill and black out all that is good in the world.

The Communists are worse than the Nazis, a greater threat to freedom and peace than the Nazis. Where were all the doves in World War II? The issues of freedom and liberty were the same.

Should Hitler have been allowed to win that war?

Should we have pulled out of Korea and let the Communists win by default?

Just where does aggression-minded Communism stop throughout the entire world if there is no resistance to its advance?

It may as well be Vietnam. Or it will be in Miami and Los Angeles and Washington, D.C. We may as well take our stands now rather than when it is too late to resist effectively.

Recreation--city's big growth problem

Councilman Ronald L. Rossitter's suggestion that Upland build an athletic stadium in the area where the city dump is now being filled has much merit.

It has become apparent in recent city council meetings that some distinction must be made between football and baseball fields and neighborhood parks.

The two seem to mix together like matches and gasoline. Athletic fields mean cowbells, cheering sections, horn blowing, lights and a large parking lot for spectators. Neighborhood parks mean a quiet, pleasant place in this busy world to relax and enjoy a little of the beauty of nature, preferably under a tree near a fountain.

After sitting through the recent controversies between Pop Warner Football and Pony League Baseball officials and residents around Olivedale Park and Hawkins Field, George Gibson, parks and recreation commissioner, observed:

"You know, the concept of a neighborhood park does not include an athletic field."

The city council, staff, and the average Upland citizen are rightfully proud of the youth activities of this residential community.

"Upland is without peer in Southern California in providing character building recreation for our youth," Mayor James L. Christensen said. "And we intend to keep it that way."

He added that this doesn't mean it is to be done at the expense of residents around

parks who have a right to their peace and quiet.

The conflict between home owners and youth activity can be expected to increase to enormous proportions as Upland grows more crowded.

The current move to gain open space for recreation around Cable Airport is in this overall picture.

So is the request for support from the Teen Post in the little known Arbol Verde Tract on the Western edge of the city limits. Boys and girls, mostly of Mexican descent living there, cannot be ignored in their needs for healthy recreation.

Unless the city takes the initiative as suggested by Councilman Rossitter, Upland will soon find itself in a real pickle.

The city just can't sit back and "let Moe do it."

Community multi-purpose athletic stadiums have been found successful in other cities. Salt Lake City, Utah, has several and is quite famous for it. We certainly are enthusiastic about the general idea.

Unless some such forward looking step is taken the dis-harmony and hard feelings between residents and youth activity sponsors will build into very unhealthy situations.

The home owner, youth officials, and our youngsters are vital segments of our community and it is important that they get along well together.

Rose garden for Mrs. Mitchell

A LASTING MEMORIAL--Mrs. Francis Mitchell, first principal of Baldy View Elementary School, was assured of a lasting and fitting memorial Friday, June 9, when relatives, old friends and city officials gathered at 10 a.m. on a windy day to formally dedicate the Francis Mitchell Memorial Rose Garden in Baldy View Park. Located adjacent to the school she served so well, the Rose Garden will remind her many devoted friends of the part she played so well in the life of the school and its students. Mrs. Mitchell was principal from 1954 until her death in October, 1965. In the center placing the plaque in the pavement are Homer Greear, city parks maintenance foreman, and Ralph Mitchell, brother of Francis Mitchell.

Standing from left to right are: Keith Larick, present Baldy View principal; Miss Gladys Claypool and Miss Sadie Brainerd, BPW club members, teachers and friends of Mrs. Mitchell; Harold W. Cook, Mrs. Mitchell's former school superintendent; Councilman George Gibson, chairman of the city parks and recreation committee; Councilman Zella Stone; Mrs. Robert Loney, sister-in-law of Mrs. Mitchell; Lee Travers, Upland's administrative assistant; Councilman Ronald L. Rossitter; and Mrs. Andy Hurst and Mrs. Gloria Bartlett, Baldy View school workers. The inscription on the plaque reads: "By the friends of Mrs. Francis L. Mitchell, first principal of Baldy View Elementary School."

Gonzales gets masters degree

rent-supplement housing in suburbs throughout America.

3. Put scattered-site public housing in every residential neighborhood.

4. Allow Federal bureaucrats to draw up civil rights and open-housing ordinances for every participating city.

5. Redesign suburban real property tax structures in order to pay for slum schools.

6. Allow Washington social planners to dictate zoning and housing codes for local communities.

It might not appear that just for a golf course, the Federal Housing and Urban Development Department could bring about these objectives. But let me remind you that an important ruling of the High Supreme Court stated that the Federal Government has the right to control that which it subsidizes.

Are Federal Grants so attractive and sweet that we must give up what little local control we still have left?

Congressman Pettis reports

The plight of today's cop

The quickest way to reduce mounting crime statistics would be to leave unfilled the thousands of positions created by policemen who are resigning. With policemen quitting in droves, one may soon have difficulty finding an officer to report a crime to.

With 50,000 vacancies in police departments throughout the nation, we face a mounting war at home that equals anything overseas. Thoughtful Americans in every community should ask, "Why are policemen quitting?" A recent report from the Republican Task Force on Crime points out some answers. Salary is a factor. Average starting salary for patrolmen in small cities is \$4,600. In large cities the average starting wage is \$5,300. What is even more significant is the poor prospect for salary increases. The typical maximum pay is less than \$1,000 over the starting salary! Compare that to an electrician or truck driver who earns \$12,000 to \$20,000!

Nor is this the only problem. The fringe benefits customary to most jobs today--life insurance and survivors benefits--are frequently not available. Because the occupation is considered hazardous, insurance premiums are high and difficult to meet with a low salary.

An equally valid reason for policemen "drop-outs" is the deteriorating public attitude towards law enforcement. Too often, the policeman, rather than the criminal, is treated as the offender. The law must be more concerned with the rights of the criminal than with those of the victim. In a split second, he must decide how to deal with an offender or suspect, realizing that

whatever he does may be wrong and that even the right move may cost him his career, if not his life.

Today's cop is actually caught in a three-way squeeze: low wages; widespread public hostility; and an unrealistic preoccupation in the courts with the rights of criminals.

Behind these pressures is a naive tendency in both the U.S. Supreme Court and the Justice Department to confuse law enforcement with

social work. The Justice Department's refusal to act in connection with undenied criminal charges against wayward Congressmen, for instance, hasn't helped.

And then, like a darkening cloud, are the studied efforts of left-wing anarchists who with the blessing of Mao and Castro, deliberately plot more rioting and insurrection. It isn't a pretty picture for the conscientious policeman -- nor for any whom they protect.

Letters To The Editor

Justice Court Better

(Editor's note -- The following letter, sent to the Champion, is a copy of one addressed to the board of supervisors.)

Gentlemen:

The enclosed newspaper clipping makes me very sad.

Being a legal secretary and having a retail merchant as a father, I am well acquainted with both the Ontario Municipal Court and the Chino Justice Court.

I have found that, at the Justice Court, you can always see the judge, he handles all cases, default or otherwise, there is normally very little waiting period and all matters are given personal attention.

On the other hand, at the Ontario Municipal Court, the clerks are very aloof and disagreeable when you ask advice on how to handle some of the paperwork, the clerks do all small claims default deciding, you wait hours to plead guilty or not guilty on a traffic citation and the judges never have the time to give any personal attention to most matters.

Is this what you want and think will be beneficial to the people of San Bernardino County? By saving a little money on the cost of paper work, you will charge the people millions in

lost wages while driving to court and while waiting in Municipal Courts.

Before you decide definitely, I think you should take a poll of all the people in San Bernardino County who have come in contact with both courts. I am sure you will find that the people who know the kind of reception that is received at both courts will not want them consolidated.

Thank goodness we have one supervisor who considers what will be best for the small communities in our county. Why would anyone want a judge, from a totally different locale, ruling on matters of which he knows nothing about.

If you don't believe me, attend both the Ontario Municipal Court and the Chino Justice Court for one day each, and see for yourself where the people get faster service and the least amount of inconvenience.

I say DO NOT consolidate. Let us have the smaller court with all the personal attention and no inconvenience.

Please do not try to save the taxpayers in this way. It will just cost them more in the long run.

Dear Editor:

Having read many of your conservative and anti-federal government intervention editorials, I was greatly surprised at your editorial, "It's not just a golf course."

Though you feel that Upland and the West End region would greatly benefit by this government handout, have you considered the other dangerous aspects of urban renewal and regional planning of the Housing and Urban Development Department?

According to a speech by Congressman Paul A. Fino in the House of Representatives on October 13, 1966, the demonstration cities-metro planning program will:

1. Destroy the American concept of neighborhood schools;

2. Put Federally-financed

I'm a dog man myself, but Mrs. Jannlee Brooks, Apartment D, Casa Del Rey apartments, Upland, has a point about the stray orphan kitten that made its way to her door last week.

Apparently injured by a hit-and-run automobile driver, the grey kitten with a white face appealed to Mrs. Brooks for help. It was on a Saturday.

Our Mrs. Brooks telephoned the Pomona Humane Society and found that organization didn't take kittens from out of its area. She then called the Upland Police department and was told the humane officer was off duty and that the Upland pound was not a refuge for cats.

Then she telephoned the Chaffey Community Humane Society in Ontario and that group took the pet.

The tale had a happy ending. Realizing what happens to cats when they are not adopted, we planned a picture and story for this week's issue to get it a home.

But Our Mrs. Brooks called to inform us the kitten had been adopted.

The point is perhaps Upland should gear itself to accommodate the cat population also.

Of course, I'm a dog man and believe cats, if they were big enough would eat humans, and that they aren't capable of love but only feel creature comforts. Many people disagree with me and they have that right.

I do feel cats should be treated as humane as dogs in Upland.

VIRGINIA MOORE, Upland High School graduate, now a 19-year-old student at Honolulu Business College, may be Hawaii's Cinderella Girl for the 1968 Olympic Games.

And in the sport of, hold your breath, kayak paddling.

Sports Columnist Hal Wood writes in the Honolulu Advertiser that Miss Moore was told by some wise guy to "go paddle your canoe" and she did.

Until last December, Virginia, an Upland girl, daughter of Mr. Earl E. Moore, formerly of 1232 North Euclid Avenue, had never heard of a kayak...

Assistance League pays off mortgage

BY MRS. H. LOGAN LOCKE

The happy announcement of a donation of \$9,637.17 received recently from Mrs. Jerene Appleby Harnish, making it possible to terminate the indebtedness of the League Center on Archibald Avenue in Cucamonga, was made to 150 patronesses, guests and members by Mrs. Rene Blane, president of the Assistance League of Upland, at its annual meeting held Friday, June 9, at Red Hill Country Club.

Mrs. Blane summarized the generous contributions made by Mrs. Harnish to the League, beginning with \$1,000.00 given in 1961 toward the purchase of property upon which was erected a League Center housing the Girls' Club of Cucamonga and chapter headquarters.

Since that time, Mrs. Harnish has continued her financial support, giving a total of \$44,256.85 to the League over a period of six years, all but \$1,347.31 of which has been applied against the principal of the \$50,000.00 loan.

Mrs. John W. Mortensen presented Mrs. Harnish a bouquet of red roses as a tribute for her dedication, inspiration, and enduring support to the League.

Mrs. Blane announced that the girls club side of the Assistance League Center is to be named "Jerene Appleby Harnish Wing," honoring Mrs. Harnish for her special interest in that league's project.

The following, having completed their provisional training, were presented as new members by Mrs. John R. Cooper:

Mmes. Leonard G. Brotzman, Melvin L. Fuller, LaVerne Grams, Vernon H. Murray, and J. T. Waller.

New provisional members, introduced by Mrs. Joseph Powers, membership chairman, were: Mmes. Robert Jensen, Maurice Johnson, David Hopley, A. E. Howell, Ivan Marburger, Wolfgang D. Koessler, Robert H. McDowell, Preston R. Merrill, Dan Mikessell, R. H. Schulze, and Donald E. White.

Mrs. Blane called for the presentation of annual reports.

Mrs. Herschel Glenn, recording secretary, reported a total of 7,339 volunteer hours.

Mrs. Charles T. Vath, San Antonio Community Hospital Dental Center chairman, reported that 87 clinics were held, at which 182 children were examined and treated. League members gave 928 volunteer hours.

Mrs. John W. Mortensen, Girls' Club of Cucamonga chairman, reported that an average of 110 girls participated in the program with volunteers spending 1,077 hours in assisting. Highlights of the program were a Christmas party, an open house in May, an accelerated sewing project, and a course in baby-sitting.

Special thanks were given to Mrs. Anton Blatnick, director, and Miss Sherry Fuchses, her assistant, as well as to the Las Tias Auxiliary, Assistents, the Price Foundation, the Alta Loma-Cucamonga Kiwanis Club, the Alta Loma-Cucamonga Lions Club, and Mr. Dewey Harnish for their gifts.

Mrs. Edmund Accomazzo, ways and means chairman, reported outstanding financial success for all ways.

**say Dad...
ever wonder
how Mom
got the money**

Come Sunday morning,
will you be one of the millions of fathers who are forever amazed?

Will you look at your new fishing reel or power tool or camera...
and wonder:

"How did Mom get the money?"

You'll know she didn't rob a bank...and she didn't sell the car.

Maybe, just maybe, we can give you a hint.

Is Mom an A&P shopper?

Could it be that the savings she makes each week of the year
add up to so much?

Why not ask her?

Before you do though, better take a quick look in the garage
to make sure the car's still there.

BPW plans 'different' summer

The first dinner meeting of the new Club year for the Upland Business and Professional Women's Club took place at the Upland Women's Clubhouse Thursday evening, June 8, with the new president, Mrs. Robert Conway presiding.

MEDICAL DEGREE -- Thomas H. Dee, 636 Arrow Hwy., Upland, received a doctor of medicine degree from Creighton University at graduation exercises Monday, June 5, 1967.

While attending Creighton he was a member of Phi Rho Sigma, professional medical fraternity and played intramural football. The Jesuit-operated university in Omaha, Neb., awarded degrees to 529 persons in the College of Arts and Sciences and Business Administration; Schools of Law, Pharmacy, Dentistry, and Medicine, and Graduate School.

Norman Cousins, editor of Saturday Review magazine, was guest speaker for the exercises held in the Omaha Civic Auditorium Arena.

The meeting opened with the Inspirational Thought given by Miss Winifred Vermer, and the Pledge of Allegiance, led by Mrs. Albert Kanya. Program Coordinator, Mrs. Carl Weatherhead, presented the recommendations from the Board having to do with the over-

Flares hold shower, talk about work

The Flaies of Upland held their May meeting at the home of Mrs. Leon Lamphear. The meeting had a two-fold purpose: a surprise baby shower for Mrs. Richard Coale, who is expecting in June, and discussion of their present work project.

The Flaies are presently collecting material needs for servicemen in Vietnam and other overseas countries. The American Red Cross of Upland is in direct communication with the members of the club.

Members who were in attendance included Mmes. James Griffin, Don Morton, William Conway, George Melendrez, Robert Martinez, Raymond Cooley, Don Johnson, John Lombardo, Richard Coale, Paul Harmon, Leon Lamphear.

Games were played to determine winners of the door prizes. Delicious refreshments and good conversation were enjoyed by all members.

The June meeting will be held on June 14, at the home of Mrs. Don Morton. The topic of discussion will be the "Shop Early Program" which is a new Red Cross project. The aim of this project is to collect, wrap, and box Christmas presents for servicemen.

all program for the year. These were adopted with a few minor changes, and will all come under the general theme of the National Federation known as a "Plan For Progress -- All Systems Go!"

Breaking away from the usual routine, the members

Xi Gamma Kappa party

Xi Gamma Kappa Chapter of Beta Sigma Phi held their annual birthday party recently at the home of member Mrs. Jerry Risch in Upland.

Following a social hour, dinner was served. Prizes from games were won by Lee Burns and Nancy Ferris.

Welcome into the Chapter were eight members: Lavette Reynolds, Sacramento, attended as a guest.

Secret sisters were revealed, gifts exchanged, and new names were drawn for the coming year. Also at the dinner new committees were appointed.

Betty Nay, assisted by Nancy Ferris and Linda Bracey, was appointed new program chairman; Betty Strauss, publicity, assisted by historian, Dorothy Ann Risch; Betty Neisen, aided by Lee Burns, Joan Newman, Bonnie Slater, is the incoming ways and means chairman.

Also appointed were Jewell McGrogan, assisted by Georgia Price and Louise Weiland, as social chairman; Tiny Franklin, aided by Ann Cashman, as service chairman; and Margie Brown, sunshine chairman.

A trip was planned to Forest Lawn in Glendale in the near future in conjunction with a cultural program. Regular meetings will resume in early September.

decided to "do something different" for the two summer meetings, and made plans to have dinner and a short business meeting at the Upland Inn, on July 13, after which they will attend the Gallery Theatre, to see "The Amazing Mr. Penny-packer."

The August meeting will be a picnic in Upland's Memorial Park.

Brief reports of the recent District, and State Conventions were given by Miss Frances Barks, and Mrs. Zella Stone, respectively.

Mrs. Stone was elected as the Club's official delegate to the National Convention in New York City, July 23-27, 1967.

Mrs. Grace Richards, and Mrs. Althea Correll were elected delegates to the San Orco District Summer Conference at Monte Corona, July 16, and Mrs. Rubie Rowland and Miss Carol Tronstad, were named alternates. Mrs. Carl Weatherhead was named as the President's Alternate.

Following the announcement that Mrs. Jay Thrasher would host the Board meeting at her home on June 22, the meeting closed with the reading of the Collect by Miss Barks.

Methodist vacation school begin

Cucamongans display artwork

Two new members of the Chaffey Art Association are showing landscapes, still lifes, and portraits in Ontario at the Southern California Permanent Foundation, 1025 W I Street.

Cucamonga residents, Dr. and Mrs. Newell Washburn,

have had a life-long interest in the arts. Under Otis Oldfield, Washburn studied at the California Institute of Fine Arts in San Francisco. After graduating from UCLA and the School of Dentistry at USC, he was assigned to the Army Dental Corp and was sta-

tioned at Fort Ord, when he and Mrs. Washburn studied evenings with Henriette Shore, a New England artist.

After graduating from USC as an art major, Mrs. Washburn spent a year travelling and studying in Europe.

She continued her studies after moving to this area, with both Henry Lee McFee and Sheldon Horton.

Also she and her husband worked in ceramics with

George De Beeson of Pomona. According to Mrs. Washburn their largest commission was in 1962 for 35 paintings for a convalescent hospital in Lynwood.

Other art exhibits in Ontario are at the First National Bank, E St. Branch where three oils by Stanley Book are hanging.

At the Bank of America, 4th on Mountain, Harriet White is represented by 12

oils. The First National Bank, 9th and 2nd Aves, Upland, is showing eight collages by Betty Miller, while the Upland Convalescent Hospital, East Arrow Highway, features oils by Kathryn Arnett and Thelma Wait.

A group showing 32 paintings by Association members is on exhibit at the Arlington Convalescent Hospital, E 11th St, Upland. Another member group is

represented in the lobby of the Grove Theatre on East 9th St., Upland. Sally Milne has hung her water colors in the law offices of Maroney, Demochuck and Ziebarth on 2nd Ave in Upland and also at the Alta Loma Library.

All of these exhibits are changed several times annually, offering an opportunity for the various styles and talents of the CCAAA members' works to be shown for public viewing.

Figure skate competitions

The Arrowhead Figure Skating Club will host the 1967 Southern California Inter-Club Championships at the Ontario Ice Bowl, 1225 West Holt Blvd., Ontario, California on June 17, 18, 24, and 25, 1967.

Skaters participating in the competition will be representing 14 ice skating clubs throughout Southern California that have been specifically invited by the Southern California Inter-Club Association.

For further information call Geneva Lichtyler, General Chairman at 984-0944 or 982-3135.

Cooperative pre-school elects slate

Valley Pre School, 9185 Monte Vista Avenue, Montclair, elected officers for fall 1967, who are President Sue Penrose, vice president Susana Tilden, treasurer Sharon French, secretary Carol Diess, membership chairman Coleen Welch, mothers chairman Deborah Albrecht, and delegate Carol Barzeale.

Fall openings are available in both two day a week and three day a week programs. Pre school hours are from 9 a.m. to 11:30 a.m. Mothers participate two or three days per month.

The pre school is non sectarian, non denominational, inter racial, parent participation, and state licensed. For further information about enrollment contact Susana Tilden 626-7710 or Colleen Welch 984-7324.

Meet the film course slated at Chaffey

"Introduction to the Film" will be offered as a summer session course at Chaffey College with the first class session slated for Monday (June 19), 8-9:50 a.m.

The two-unit course, presented on a Monday-Thursday schedule, is designed primarily for students of art, drama, journalism and education. Late registration will be through the third class meeting -- in this case, June 26.

Wednesday, June 14, 1967 News-Tribune

AN ICY LEAP--Rick Vanderberg, student at Upland High School, turns a neat figure as he practices for the June competitions. He is a member of the Arrowhead Figure Skating Club and will perform during the Southern California Inter-Club Championships at Ontario Ice Bowl on Holt Avenue.

Swim lessons at district schools

Registration for the first session of swimming lessons will take place at each of the four Chaffey High School District Pools between 8:45 and 11:45 a.m., Thursday and Friday, June 15 and 16, according to Dean Smothers, District Pools Director.

The four locations are Alta Loma, Chaffey, Montclair and Upland High Schools. Five two week sessions are offered beginning Monday June 19, and ending August 25.

Classes are offered in Beginning, Advanced Beginning, Intermediate, Swimming, and Lifesaving. The cost is \$3.00 for each two week session, except for Lifesaving, which is \$5.00. Semi-private classes are offered for children under six-

ven at a charge of \$5.00 a week and a special "Mommy and Me" class at \$3.00 a week is provided for the smaller children. Mommy's must accompany their child in the water.

Four forty-five minute classes are scheduled each morning beginning at 8:45, 9:30, 10:15 and 11:00. They are taught by Red Cross Certified Water Safety Instructors and filled on a first-come, first served basis.

The pools will open for recreational swimming Saturday June 17, and continue daily throughout the summer. Hours will be from 1:00 p.m. to 3:00 p.m. and 3:30 p.m. to 5:30 p.m. Admission prices are 25¢ for children under 12, 30¢ between ages 12 and 18, and 40¢ for adults.

Legislation, real estate education, investments, and a wide range of other real estate subjects will be discussed at the gathering, Hawes explained.

Officers for heart group are chosen

The San Bernardino County Heart Association recently elected officers and board members, presented service awards to outstanding volunteers, and announced next year's grants totaling \$23,250.

Dr. Pierce J. Flynn, San Bernardino cardiac surgeon and chief of surgery at the Inland Heart Center, St. Bernardine Hospital, was chosen as the 1967-1968 president of the Association.

Dr. Flynn is affiliated with St. Bernardine, San Bernardino Community, Redlands Community, and the San Bernardino County General Hospitals.

A resident of San Bernardino and the father of seven children, Dr. Flynn, whose wife is also a physician, has been in practice in this area since 1960.
